Ashton Hayes  
Primary School PTFA

October 24 2016

Dear Parents,

At Ashton Hayes Primary School we are lucky enough to have an active PTFA who work hard to raise money for new equipment and facilities for our children that cannot be routinely funded by the ordinary school budget.

However, we are also aware that there are a large number of working parents at the school who run their own businesses or work for large corporations, who may feel they can help further by sponsoring or providing funding for specific services or equipment that the school needs.

Overleaf is a list of items drawn up by Mr Hover that he feels would make a difference to the education/social experience of our children, but that can't currently be funded by the school.

If you feel either your own business, or firm you work for, would be able to help with the funding of any of these items, please could you fill in the slip below or speak to Mr Hover or the school office.

Thank you for in advance your continuing support.

Your PTFA team

PTFA Funding Request

Ashton Hayes  
Primary School PTFA
