

19.5.2021

Dear Parents/Carers,

We have 2 exciting poster competitions for the children of all year groups to enter.

There are many issues that are currently having big impacts on our lives on a local, national and international scale.

The two issues we are focusing on with these competitions are ones that are really important to us here in the village of Ashton Hayes. We would like as many children to get involved as possible to create a poster to be displayed around the village to raise people's awareness.

1. Speeding. The speed limit through Ashton Hayes including past our school is 30 miles per hour. It has been noticed that not all cars keep to this speed limit and this can be really dangerous. We would like children to create a poster to be displayed along the road through the village to make drivers aware and hopefully slow them down.
2. The second issue is a pet related one. Lots of families have recently become dog owners as time at home in lock down has been the perfect time to welcome a four legged friend into the family. It has been brought to our attention that there are a number of places around the village where some dog owners are not picking up after their dogs. This of course has health risks attached and is something that again we need your help with.

So please, over the half term holidays, spend a little time being creative and doing your bit for our local community. We would love you to design a poster to address one of these issues and bring it to school when we return on Monday 7th June. There may even be a prize for winning entries as well as seeing your work up around the village.

Thank you all in advance.

Kind regards,

Mr Gilbert
