Date _____

Please ensure that the risk benefit assessment actually relates to this visit or Learning Outside the Classroom activity.

i.e. It reflects this activity/these activities, at this location/these locations, led by these staff with these young people. Account has been taken of any young people with particular needs and an informed judgment regarding weather and water levels (if relevant) has been made. Please ensure this is shared and understood by all involved in leading the visit. The last column requires specific written control measures; a ‘tick’ or a ‘yes’ would probably not be considered suitable or sufficient evidence that a control measure is in place.
